

CBS version upgrade w.e.f. 13.05.2019

Union Bank of India is committed to provide latest technology based services to its customers. As part of this, Bank is upgrading Core Banking Software w.e.f. 13th May 2019. Though Bank has taken necessary care by way of availing support of Infosys for migration, extensive testing of the software and adequate training to staff members, the new version may take one or two days to stabilize.

To avoid any inconvenience due to migration, customers are requested to carry out their transactions of 13th & 14th May 2019 prior to migration. Cooperation of all our esteemed customers is solicited in this endeavor. Bank will take all necessary steps to ensure that the customer services are not affected during the upgrade process. There will be no change in customer credentials like Password / Pin etc. Please do not share your credentials with anyone. Bank will never ask for it.
